SUBJECT: DCI Annual Report

1. Mr. Bowie would like a very brief statement of the highlights of the activities of your committee over the past year for inclusion in the DCI's Annual Report. As you know, NFAC's space will be very limited, so I would greatly appreciate it if you could keep your response to within a page.

2. Topics you should consider addressing:

- a. The Committee's responsibilities.
- b. Scope and significance of your activities over the past year.
- c. What changes (organizational, procedural, or other) you expect under NFAC—or think would now be appropriate to make.
- d. How life under NFAC has/will/could make the work of the Committee better.

3. Please provide your comments on this by COB Wednesday, 1 November. Many thanks.
